

Authorized Distribution Partner

AllClear is the respected global leader for defense aircraft sustainment; deploying an experienced team and complete capabilities to solve customer challenges, offering its military customer base solutions that address the supply chain defects inherent to the sustainment of legacy aircraft no longer supported by OEMs. We are a global provider of comprehensive support for U.S. manufactured legacy defense platforms, including fighters, transporters, patrol aircraft, and helicopters. Our total support approach encompasses strategic distribution, repair services, engineered products, modernization solutions, and overall program management.

PTI TECHNOLOGIES INC.

PTI Technologies is a world leader in the design, development, manufacture, and distribution of highly engineered filtration solutions and fluid control equipment. PTI has developed their aerospace expertise over the past ninety years with a proven record in providing innovative and highly reliable products across many aircraft platforms, ranging from business jets to large complex systems for regional and commercial transporters, as well as military platforms. Filtration systems range from simple, in-line bleed air filters to "T-Type" filter assemblies to sophisticated fuel, lube, and hydraulic assemblies. PTI also supplies filtration for aircraft cooling systems, cabin air, and potable water applications.
