

TAVCO Products & Repair Services

SPECIALTY PNEUMATICS FOR MILITARY AND COMMERCIAL AIRCRAFT

TAVCO is an OEM and FAA approved repair station serving the aerospace industry since its inception, specializing in the manufacture, repair, and overhaul of bottles and pneumatic systems for commercial and defense platforms. TAVCO has in-house capabilities for manufacturing both valves and pressure vessels and is a certified FAA repair station – providing complete service to customers.

SERVICE NOTIFICATION

TAVCO recommends that all products designed and manufactured by TAVCO that include a flight critical pressure vessel and/or valve as a component, whose failure or malfunction, may result in loss or serious damage to an aircraft and present unsafe conditions, be returned to TAVCO for inspection, overhaul, or replacement every three (3) years. This will apply to both new and overhauled products.

TAVCO is the OEM and the only authorized service center for TAVCO-manufactured products.
