EXCELLENCE IN SUSTAINMENT SOLUTIONS

CN-235/C-295

CN-235/C-295 Sustainment

As platforms age, OEM support for sustainment diminishes and end-users tasked with maintaining operational readiness are faced with critical supply chain deficits. AllClear Aerospace & Defense offers its military customer base CN-235/C-295 aircraft solutions that address these shortfalls.

Company Overview

At AllClear, we have a simple mission: to keep our customers' fleets mission-ready. To accomplish that mission, we have brought together over 55 years of combined experience serving the United States military and its allies. AllClear's sustainment solutions cover over 25 of the most utilized aircraft, support with distribution agreements from leading OEMs, in-house and managed repair solutions, engineered products, manufacturing capabilities, and a team that is dedicated to your fleet's safety and performance.

Distribution

In collaboration with established alliances and strategic partnerships with the industry's leading manufacturers and repair centers, AllClear provides in-stock parts and supplies for operators, depots, and aircraft MRO centers worldwide.

Our distribution team has vast experience managing global distribution programs and works as your partner, ensuring that you fleet is mission-ready, with minimal downtime for maximized performance, safety, and reliability.

Repair Services

AllClear Repair Services is the leader in repair and overhaul management, offering affordable readiness while delivering OEM quality and reliability. Strategic alliances with many OEM partners gives us the leverage to offer our customers faster TAT, competitive pricing, and best in class service from our Repair Management team. As an integrated solutions provider, we make the repair and overhaul process stress-free for our customers.
