

AllClear Aerospace & Defense is a stocking distributor for a variety of Collins Aerospace power and control components. AllClear is the exclusive worldwide distributor for Collins' F-4, F-5, F-15, and F-16 electrical power system including generators and constant speed drives (CSD). In addition, AllClear is a licensed manufacturer for Collins and the exclusive source for the F-16 CSD, 40KVA generator, F-15 CSD, and related electric systems.

AllClear is also the exclusive distributor for the Delavan line of fuel nozzles, spray bars, and related components used on military engines including the T56, F404, F110 and T700.

All components, spare parts, and repair services are supported by AllClear.

## Power and Control Components

**CAGE CODES: 99167, 73030**

**CONSTANT SPEED DRIVE (CSD)**

**GENERATOR, MAIN (60 KVA/40 KVA)**

**GENERATOR, STANDBY (10 KVA)**

**CSD UPGRADE KIT**

Collins' electrical power system components were designed in the 1970s to 1980s. The current operational environment differs significantly from that considered during the original design specification. Collins continues to improve reliability on these products by applying current technology. Through AllClear, Collins provides the latest LRU configurations and upgrade kits to bring legacy LRUs to the current manufactured standard. By incorporating the upgrade kits, customers can benefit from significantly increased MTBF.

## Generator Control Units

### QUALITY & COMPLIANCE

AllClear Aerospace & Defense is committed to quality, continuous improvement, and full regulatory compliance at every level of the organization through AS9120 and ISO 9100:2008 certifications, implementing lean processes, continuous quality improvement training initiatives, and a customer service focused business model. Our in-house legal and compliance teams maintain robust processes and procedures to comply with all federal, state, and local regulations including ITAR, EAR, and the FCPA.
